

## Step 1: Register for MyTrip

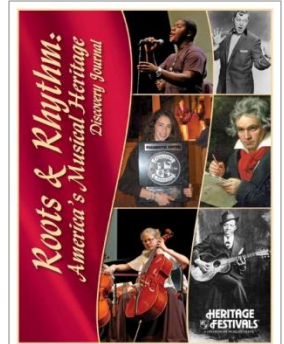

Students must register online at [mytrip.worldstrides.org](http://mytrip.worldstrides.org) to get started. Look for the Discovery for Credit link once you've created your account and logged in.

*Please note:* Discovery for Credit is only accessible through the student's MyTrip account.

## Step 2: Enjoy the program experience!

The on-trip coursework completed with the Discovery Journal and the festival experience accounts for about half of the credit hours. Copies of the Discovery Journal are available through the Discovery for Credit course on MyTrip. Supplemental materials for all of the online activities are also posted for students to use as they complete the course, if needed.

## Step 3: Complete post-trip online coursework

High school courses require approximately 120 or more hours of instruction. This is dependent upon the length of your scheduled program and the individual student's availability. **Students have up to six months after their travel program to sign up and complete the entire course.** Official certificates can be requested via MyTrip and mailed 4-6 weeks after the course is completed.

## Heritage Festivals Accreditation

As a division of WorldStrides, Heritage Festivals is a travel study school independently accredited by multiple accrediting bodies in regions across the country. Our accrediting bodies include the Northwest Association of Accredited Schools, AdvancED (the parent organization for the North Central Association Commission on Accreditation and School Improvement and the Southern Association of Colleges and Schools Council on Accreditation and School Improvement), Western Association of Schools and Colleges, and the Middle States Association of Colleges and Schools. Our accredited status allows us to offer students the opportunity to earn high school credit. This credit can help students fulfill graduation requirements, open up their course schedules to make room for upper-level courses, and distinctively showcase themselves to colleges and universities.
